Respected Bhai,

I am writing this letter to request the early disbursement of my child Hussain's educational loan. Typically, the loan amount is transferred at the beginning of the year in January. However, since this is my child's final year, the fees need to be paid by September of this year.

Therefore, I kindly request that the remaining loan amount of ₹200,000, which was scheduled to be transferred in January 2025, be disbursed by September 2024 instead.

Please be assured that this adjustment will not affect the repayment schedule.

Wassalam
